Use your biometric screening results to **complete your
Personal Health and Well-Being Assessment (PHA) by November 30, 2017.**

A complete PHA means you have completed a Biometric Screening and entered all the required health values height, weight, blood pressure, total cholesterol, HDL and a blood sugar value (glucose or A1C) in your PHA.

Remember, if you have recently had a physical or completed a biometric screening with your provider, you can use those values to complete your PHA.*

Participating in the wellness program is completely voluntary. We understand that your health history is very personal — protecting your information and keeping it private is of utmost importance to us. While participating in YP4H, the personal information that you provide, whether online or in person, is only available to you and those whom you authorize to access it. Beyond the team at the OSU Health Plan, your nurse, health coach, or your own PCP, no other Ohio State personnel will see or have access to your results.

**Please use health values obtained since December 1, 2016.*

**STUDENT LIFE HUMAN RESOURCES WILL BE ON SITE FOR ALL BIOMETRIC SCREENING DATES
TO PROVIDE ASSISTANCE WITH COMPLETING YOUR PHA ONLINE.**
